Media accreditation for the FIFA World Cup Qatar 2022™

Dear Sir or Madam,

FIFA will be using the online Media Hub to manage the media accreditation process for the FIFA World Cup Qatar 2022™ with a view towards streamlining the process and improving the efficiency for all concerned. This, in turn, will help the media as many representatives are already familiar with the process.

Some essential information is contained in the enclosure. You and your association's media officer are kindly requested to note the information and to coordinate the accreditation procedure in your country. We recommend that you work closely with the relevant sports journalists' association or similar professional organisation to ensure an equitable distribution of the accreditation quota allocated to you.

The quota allocated to your association for journalists and photographers will be communicated to you in the next few weeks together with further details on how the system works. The quota will be based on experience from previous tournaments and, of course, on whether your association has qualified for the FIFA World Cup Qatar 2022 finals. As soon as the qualifying competition has been completed, further quotas will be allocated to the countries that qualified in the final stages.

The Communications Division is at your disposal for any queries you may have in this matter. Please do not hesitate to contact: mediaoperations@fifa.org.

We very much appreciate your cooperation.

Yours faithfully,

FÉDÉRATION INTERNATIONALE
DE FOOTBALL ASSOCIATION
