

Date: 27 July 2023
From: Karim Moghaddam – President of Minifootball Five International Federation (MFIF)
To: All Football & Minifootball Clubs
Subject: Invitation Letter – Minifootball 5 v 5 Club World Cup (Men's) Turkey – November 2023

Dear Sir / Madam,

I am pleased to extend my warmest compliments and send you this invitation letter.

I would like to inform you about the Minifootball Five International Federation (MFIF) as a non-profit and non-governmental organization established in 2019 to promote, supervise and direct new Minifootball in the world as a means to contribute to the positive development of society.

The difference between Minifootball five and Football is the size of the field, the size of the goals, the number of players in each team, the number of substitutions, the absence of offside rule, and the main difference is that there are no touchlines and goal lines in Minifootball five so there are no throw-ins and corner kicks and players can use walls to play.

Now we are delighted to invite your club to participate in the first MFIF Club World Cup for Men's which will be held in Turkey in November 2023, with the motto saying, "Achieving big dreams in small fields".

All Football and Minifootball Clubs can participate in this event under their own name and can include professional and international football players in their teams.

It is worth mentioning that due to the limited number of teams who can participate in this competition and activity of more than 20,000 unique football clubs in the 220 countries, if clubs of your country are interested to participate in this competition, please completed the participation form and send to email address: info@minifootball5.com / karim_moghadam@yahoo.com before **18 August 2023**.
